

53' All-Purpose Double-Stack

The 53' all-purpose double-stack well railcar is a single-unit, designed to maximize flexibility. It can carry either containers or trailers with ease. This car has a 53' well to accommodate containers from 20' to 53' long, as well as containers from 40' to 53' long in the top position. Additionally, it can accommodate two 28' pup trailers or one long trailer up to 57'. Each railcar is capable of carrying nose-mounted containers or trailer refrigeration units and may be operated as a single-unit railcar or be configured as a multiple-unit drawbar railcar.
