## Overview

For over 45 years, Greenbrier's Omaha facility has delivered expert railcar repair, maintenance and refurbishment with direct access to BNSF and UP rail lines for fast, efficient service.

Specializing in boxcars, tank cars, hoppers, gondolas, coil railcars and flatcars, this location handles wreck work, bad orders, fleet programs, cleaning and exterior coatings to keep railcars in peak condition.

Backed by M-1002 and M-1003 certifications, along with non-destructive testing, certified welders and a railcar repair billing system, Omaha ensures the highest industry standards. With 125 railcar storage capacity, this facility is built for reliability, efficiency and long-term railcar performance.

## The Greenbrier Companies

The Greenbrier Companies is a leading manufacturer and service provider in the rail industry, designing and building high-quality freight railcars while offering leasing and management services. Beyond manufacturing, Greenbrier provides wheel services, railcar components and a nationwide repair network to keep railcars in peak condition. With a reputation for quality, reliability and innovation, Greenbrier continues to drive the future of rail transportation.
