Overview

Greenbrier's Chehalis facility has been operating for over 30 years, specializing in freight car repairs, including mobile services and M-214 certifications. The facility serves BNSF lines, offering repairs for various railcars like boxcars, gondolas, flatcars and auto racks. Key certifications include M-1003 and M-970.

The center is focused on auto rack recertification, tri- to bi-level conversions and intermodal lease returns. With a 162 railcar storage capacity and a history of multiple TTX SECO Awards, Chehalis delivers efficient and quality railcar maintenance.

The Greenbrier Companies

The Greenbrier Companies is a leading manufacturer and service provider in the rail industry, designing and building high-quality freight railcars while offering leasing and management services. Beyond manufacturing, Greenbrier provides wheel services, railcar components and a nationwide repair network to keep railcars in peak condition. With a reputation for quality, reliability and innovation, Greenbrier continues to drive the future of rail transportation.
