Overview

With over 20 years of service, Greenbrier's San Antonio facility offers full-service railcar repair and maintenance with access to UP and San Antonio Central rail lines. This center handles boxcars, hoppers, gondolas, coil gondolas, flatcars and auto racks, excluding tank cars.

Specializing in wreck work, bad orders, intermodal services and fleet programs, the maintenance center holds M-1003 QA Certification and features non-destructive testing, qualified welders and inspectors to uphold the highest industry standards. Additionally, the facility offers exterior painting and touch-up coatings. With space for 229 railcars, the San Antonio facility offers customers efficient, reliable storage solutions to keep their operations running.

The Greenbrier Companies

The Greenbrier Companies is a leading manufacturer and service provider in the rail industry, designing and building high-quality freight railcars while offering leasing and management services. Beyond manufacturing, Greenbrier provides wheel services, railcar components and a nationwide repair network to keep railcars in peak condition. With a reputation for quality, reliability and innovation, Greenbrier continues to drive the future of rail transportation.
